

MonkeyWifPoop (\$MWIF) Whitepaper

Version 1.2 — January 2026

Introduction

MonkeyWifPoop (\$MWIF) is not just a memecoin, it's a movement. Born from the wild jungles of internet culture, MWIF celebrates the absurd, the hilarious, and the power of community-driven crypto. In a world of serious whitepapers and stiff protocols, MWIF swings in with banana-powered energy and a mission to make crypto fun again!

Mission Statement

To create a decentralized, community-powered memecoin that thrives on humor, virality, and collective joy while offering real utility and rewards to its loyal troop.

Tokenomics

Feature Details

Token Name: MonkeyWifPoop

Symbol: MWIF

Total Supply: 1,000,000,000 MWIF

Blockchain: Solana

Liquidity Pool: 95%

Community Rewards: 1.1% (and growing when the community grows)

Dev Fund: 3.9%

Utility & Use Cases

- **PoopDAO:** Community votes on proposals (e.g., sponsoring a monkey sanctuary or launching a MonkeyWifPoop themed NFT)
- **Staking:** Stake MWIF to earn Rewards, like MWIF and NFTs
- **Monkey Missions:** Complete social media challenges to earn MWIF rewards
- **MonkeyWifPoop Game:** a videogame with the possibility to earn MWIF rewards

Community First

MWIF is 100% community-driven. And Permissionless, its just a troop of internet monkeys flinging ideas and building together. Governance will be handled via PoopDAO, where every holder has a voice and a vote.

Security & Transparency

- Liquidity locked

Roadmap

Q4 2025:
